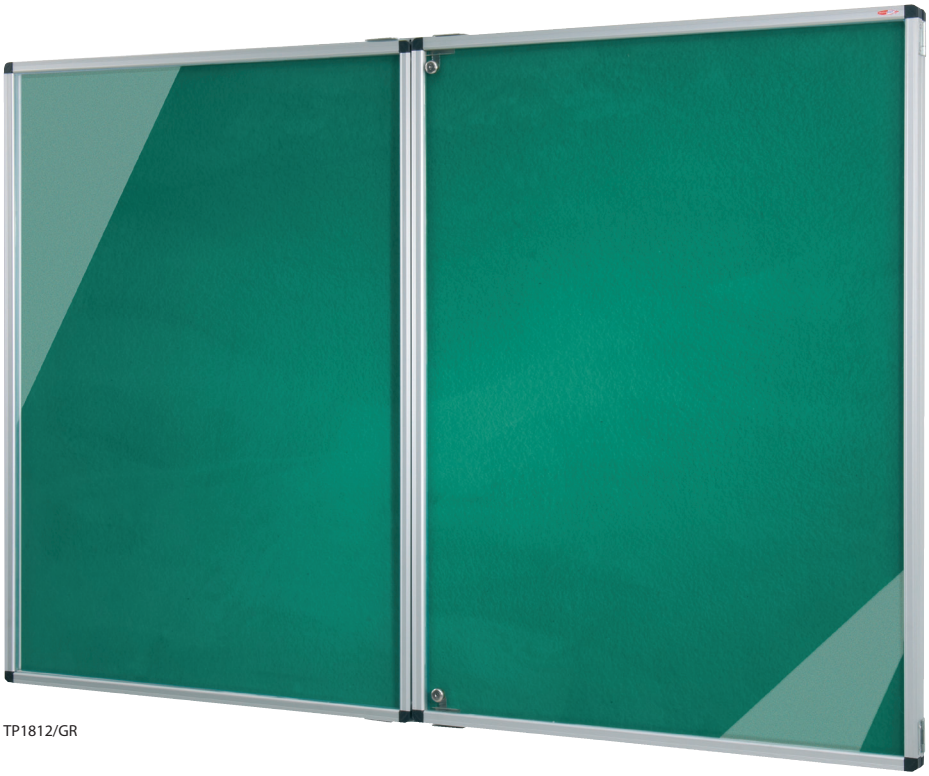
Lockable Noticeboards



TP1812/GR

Tamperproof noticeboards

Covered noticeboards with side hinged lockable doors.

We strive to ensure the quality of our products always exceeds customer expectation and pride ourselves in manufacturing to high standards. Our tamperproof noticeboards are a fine example of a product that we guarantee always maintains a level of quality that customers require for the product's intended use. Unlike some alternative products available in the market, our well-built door structure supports a tough acrylic cover and includes an aluminium glazing bar to ensure the board offers years of trouble free use. Each door has two locks with matching keys. These tamperproof noticeboards offer an effective way of protecting notices from casual interference in busy public areas. Six popular sizes available in a wide choice of colour options. Single door versions can be mounted portrait or landscape, with hinge to side, base or top; but do not include support stays. For top hinged tamperproofs, see page 11.

Resist-a-Flame®
Market leading range of fire retardant covered noticeboards fully constructed and tested to meet the latest building and fire regulations. Ideal for use in public buildings and industrial applications. Full assembled board certified to BS EN 13501. Available in a wide choice of 11 woven cloth colours.

TO ORDER:
Please state the product code followed by the colour code of the cloth required.
